REPEATER **GI400 R100**

ETHERNET
(optional)

Own development which includes the study of
optimization and design for the industry

MORE FUNCTIONS & OPTIONS

Giropés has developed a compact indicator with extensive functions for all types of industry, distribution, nutrition, chemical industry, chemist industry and logistics. GI400 R45, the medium size dimension repeater ideal to complete your indicator.

VERSATILE

High precision weigh indicator and repeater with compact design. Ideal for applications which require an autonomous indicator, with the possibility to include communication interfaces with connections to remote control weight repeater, PC, PLC, external or internal printer, among other possible accessories.

GENERAL SPECIFICATIONS

WORKING TEMPERATURE	-10 °C a 40 °C
SUPPORT	mural inclinable
OTHER FEATURES	ambience light sensor: 6 configurable brightness level or auto function

SCREEN

LED FEATURES	Red LED of 7 segments with decimal. 6 digits of 100 mm high
--------------	---

SUPPLY

100-240Vac, 50/60 Hz

AVAILABLE PROTOCOLS

With the most common protocols available in the market
--

I/O

2 x RS232
1 x RS485

OPTIONAL

ETHERNET
