BWT

Table designed for weighing, cutting, and product handling directly on the work surface, suitable for demanding food environments. Made of stainless steel with a polyethylene top, it ensures hygiene, stability, and accuracy in every weighing.

Weight indicator GI400i LCD IP68

GI410i LCD IP69K indicator

APPLICATION/ HIGHLIGHT

- » ***WEIGHING AND CUTTING*** directly on the work surface.
- » ***HYGIENIC*** design in stainless steel and polyethylene top for food industry use.
- » ***INTENSIVE USE*** in cutting rooms, workshops, butcher shops, and industrial kitchens.
- » ***STABILITY AND ACCURACY*** thanks to its single cell system.
- » ***CLEANING*** and easy maintenance in environments with high sanitary requirements.

SPECIFICATIONS

FEATURES

Type	Single-load-cell scale for the food industry
Structure material	Stainless steel
Top material	Polyethylene
Degree of protection	IP68 / IP69K
Table dimensions	590 x 390 mm / 740 x 590 mm
Support	Self-supporting structure with adjustable feet for leveling
Capacity	30 kg
Screws	In stainless steel

LOAD CELLS

Model	G4M
Protection	IP68 / IP69K

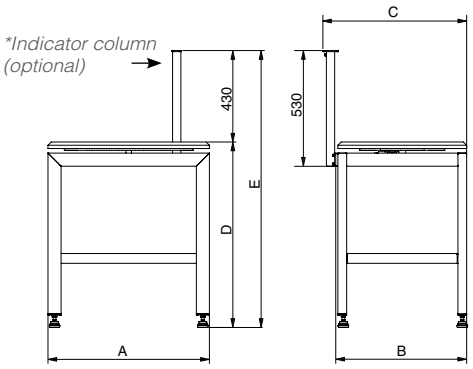

INDICATORS OPTIONAL

FEATURES

Weight indicator model GI400i or GI410i in stainless steel.

- » IP68 or IP69K protection depending on model.
- » LCD display with up to 8 colors (checkweigher function), with 6 digits of 40 mm. Backlight function: on/off/auto.
- » Units kg.
- » CE certification (optional).
- » Approval for 3000 graduations OIML class III.
- » Single range, multi-range or multi-interval (n ≤ 3000, per partial weighing range).
